

3rd Quarter July - September 2021

The third quarter saw many of our “normal” activities returning just to have the upswing of COVID-19 cases threaten that trend. We have our fingers crossed that life won’t be upset again so we can continue planning more events, our students can return to their normal school routines and your lives haven’t been turned upside down again!

Mi nombre es María Guadalupe García Lara tengo 23 años, acabo de culminar mis estudios universitarios en la Universidad Autónoma de Baja California en la carrera de contaduría, junto a eso acabo de convertirme en madre de un hermoso bebe, que ahora tiene 8 meses, el cual no fue un impedimento para terminar con mis estudios, al contrario fue una motivación más para salir adelante y luchar cada día para brindarle un buen futuro, gracias a mis estudios, y mis esfuerzos he podido conseguir un trabajo estable en una agencia de seguros, el cual estoy encargada de manejar el archivo permanente de la aseguranza.

Todo esto lo logre gracias a los esfuerzos de la Fundación para darnos lo necesario para continuar con nuestros estudios y el apoyo incondicional que nos brindan y de mi familia que me han apoyado en todo, mis logros son suyos también. Muchísimas gracias

My name is María Guadalupe García Lara, I am 23 years old, I just finished my university studies at the Autonomous University of Baja California in the accounting career, along with that I just became the mother of a beautiful baby, who is now 8 months old. My baby was not an impediment to finish my studies, on the contrary, it was one more motivation to get ahead and fight every day to give him a good future. Thanks to my studies and my efforts, I have been able to get a stable job in an insurance agency, which I am in charge of managing the permanent insurance file.

All of this, I've achieved thanks to the efforts of the Foundation to give us what we need to continue with our studies and the unconditional support they give us, also my family who have supported me in everything, my achievements are theirs too. Thank you so much.

Hello, my name is Lidia Guadalupe but I prefer to be called Lupita. I have been part of BSF for 3 years and I am currently about to graduate as an accountant. 3 months ago I started with my professional internships by the university in PEÑAS materials, a hardware store located in the upper part of Primo Tapia. When I completed a month of doing my internship, they offered me the job of an accounting assistant to which I agreed, within my job I

have several obligations such as keeping accounting, making payments to suppliers among other things. I am really very grateful to you and especially to Joanna and Bill for all the support you have given me and I am also very happy to be working on what I am passionate about.

Tania For BSF

Good afternoon to all, receive a cordial greeting, I hope and you are all well.

I would like to begin by thanking each of you for the great support you have given me.

Thanks to you, my sponsors Charlie and Sonja and my parents I have been able to finish my high school.

All of this has been made possible by you.

I am currently in the enrollment process at the Universidad Rosaritense where I will study dental surgeon.

Thank everyone who is part of BSF with all my heart.

Andrea 😊😊

My upcoming plans:

I want to learn a lot of interesting at university, I want to be a great doctor so I'm very grateful and exciting for this step, I wish that this career allow me to help another people in a way as amazing as you. Thank you so much for everything!!! I hope see you soon and give a big hug. May God bless you!!!

Hi!

I don't have any photos yet. My photos are in Chihuahua and I'm in Baja. My title isn't ready. I think I would have them until the next year. Meanwhile I'm done with school. This vacations Ive been working at splash on weekends and the rest of the week I go and take care of my grandma.

My plan is being working at restaurants where I can play, and give music classes to kids in Rosarito. This, while my title is ready, then I'll go for it to Chihuahua and apply for a plaza as and arts and music teacher at the Education Public Secretariat, or in Spanish "Secretaria de Educaci ó n Publica (SEP)."

Another thing that I want to do is keep studying. I want to do a Maestria in Artistic Production.

A public apology ...

Today I need to make a public apology to my good friends at BSF.

I have not publicly thanked them for the 'beca' (sponsorship) they have so kindly given my daughter over the past three years.

My daughter joined our family a little over three years ago. Along with her brother and myself we make our family unit. Shortly after my daughter joined us Judie Kesson offered her a 'beca' to pay her schooling costs. This has been a huge help to our family. BSF also gave my son a financial gift to help with his university fees.

We, my kids and I, are deeply indebted to all of you who so kindly donate to BSF and sponsor so many students who would otherwise not be able to afford the education they now enjoy, my daughter included.

So thank you all at BSF and all who support BSF, helping so many students. You are amazing.

A special thanks to Judie Kesson, Rosemary Morris, and, of course to everyone else who tirelessly help out, and to those who donate or sponsor a student. You are all changing lives for the better.

A huge blessing to the recipients.

Thank you!
